

### 1 Connect your Android streaming box

Use the power cable<sup>1</sup> to connect your Android streaming box to the power outlet. Then connect the box and the TV using the HDMI cable<sup>2</sup>.

To access the Android Streaming Box interface, select the input channel of the HDMI port to which you have connected your box on your TV set.

### 2 Set up an internet connection

Search for your Wi-Fi network in the settings and connect the Nokia Streaming Box to the internet. You can find the network key on the back of the router.

Alternatively, you can also connect the box to the router using an Ethernet cable.

### 3 Sign in with your Google account

Sign in with your Google account. If you don't have one, you can easily create one with [Google](#).

### 4 Download the Teleboy app

Search for "Teleboy TV" in the Playstore and download the app. It will then appear as an app icon on the Smart TV interface or among the installed apps.

### 5 Teleboy App

After opening the Teleboy app, you will be asked to log in. Enter the code displayed on a second device (smartphone, tablet, PC) on which you are already logged in with the login data from the registration. <https://www.teleboy.ch/link>

### 6 Streaming-Box remote

The various functions and gestures of the remote are displayed at the beginning. However, you can access them again at any time in the settings.
